FOR IMMEDIATE RELEASE

October 4, 2021

East Hampton Town Partners With CareONE Concierge to Offer COVID-19 Tests in Wainscott

Free PCR saliva testing now offered on Tuesdays, Thursdays, and Saturdays from 10 a.m. to 6 p.m. at the EH Town Center for Humanity (former CDCH School) at 110 Stephen Hand's Path, Wainscott

Additional days to be added as test site gets under way; Rapid tests will be offered when available

In response to increased demand within East Hampton Town for rapid turnaround COVID-19 testing, COVID tests are now being offered at the town-owned Center for Humanity in Wainscott, which served as a town-run COVID vaccination last spring.

No appointments are necessary. Registration may be done online before you arrive, or completed on site.

At present, only saliva PCR tests are being offered. Tests are free – covered by insurance, for those who are insured, or by federal grants for the uninsured.

Rapid tests will be offered as soon as test supplies allow, at an out-of-pocket cost for all, of \$100.
